Subject: ABC meeting

Members of the Town Council,

Just a few things. The link to an agenda for yesterday's meeting was not on the website until today. I don't know if you heard that from anyone else that wanted to listen to last night's meeting.

On April 29 I emailed mayorsoffice@sbcglobal.net asking for direction on the ABC May 7th meeting. I needed to know if there was any mail for the commission regarding blight complaints.

On May 1st I emailed info@townofprospect.org with the same request.

I understand that meetings have been cancelled due to the virus but I thought that if there were any complaints waiting for us we could have had a virtual meeting like other boards have been doing. I don't want it to appear that the ABC is not attentive to residents' concerns.

I didn't get a reply on either of my email attempts.

I did call the Town Hall but couldn't get through.

Today, I informed the members of the ABC that we would not have a meeting on May 7th but we will resume in June. Since the Town Hall is closed to the public I'd like some direction on how to get our mail for the next meeting?

Emails do not seem to be working.

Thank you for your time and for all of your hard work. You are all greatly appreciated.

Respectfully,

Brenda Martin ABC Chair
