New Business:

Chairman Palmerie advised that the Chairman, C. Moffo, the Mayor and Maura Esposito, Director of Chesprocott held a meeting to discuss the opening of programs. The Mayor advised that he would not be opening any of the Town Buildings soon, but C. Moffo spoke with Superintendent Yamin of Region 16. Superintendent Yamin advised that he would be willing to open the schools (LRMS and PES) to the Recreation Dept. with conditions. C. Moffo advised that the cut-off time to use the gyms would be 9 p.m. Chairman Palmerie advised that the gyms would be used, but it was unclear if the classrooms could be used. Chairman Palmerie advised that not only could the Basketball teams use the facilities, but also other programs. Chairman Palmerie explained that for Basketball practice there will be two parents; the players would sign in; the players would be tracked as to who was there, the parents would return this information to C. Moffo the following day. Also, if one parent was not available, then an alternate would need to be in place. Chairman Palmerie continued that players would need to wear masks at all times. The parents or a designated party would also need to clean the area after the practice was completed. Superintendent Yamin would be checking to see if protocol would be followed; if there was a problem, the program could be stopped. A discussion continued on custodians, supplies and teams cleaning up after themselves. C. Moffo advised that the programs would be working around Adult Ed. Comments were made to send out an email of interest, to those instructors that would like to begin classes. Board members advised that this would not be an easy thing, as responsible parties would need to take the lead on attendance, forwarding to C. Moffo daily, cleaning and adhering to CDC rules. The Board also discussed creating a training for coaches and instructors. Comments were made on advising the Men's League of limited time and space. C. Moffo advised that the town of Beacon Falls was offering only Basketball Clinics.
